

Our Mission

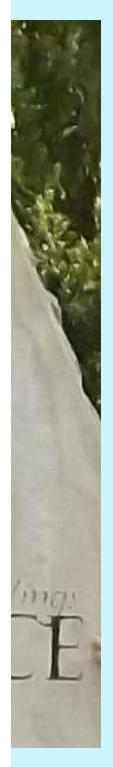

Dedicated to meeting the needs of individuals and their families who are facing the terminal phase of their illness, and the grief and bereavement period. The Heart of Hastings Hospice will assist these people to remain in their home longer and support those wishing to die at home or in the Heart of Hastings Hospice House.

Our Goals

With your help, to offer dying persons and their families quality of life by helping sustain the most meaningful and satisfying lifestyle in the time they have remaining.

Executive Director

Tonight, we encourage everyone to keep their cameras on and their **sound muted** during the presentation.

If you have any questions, please post them in the chat box, which will be monitored throughout the night.

Again, Thank you for joining us, and thank you for all of the wonderful ways in which you support The Heart of Hastings Hospice!

Sit back, relax, we are beginning now.

Heartbeats for Hospice

Family is a single word with many meanings. Family is a collective, full of values and connections to each other. Whether a family is traditional or unique, "family is what you make it." This dynamic is something we see daily when supporting individuals who are at end-of-life.

Although we're required to maintain safe physical distancing, it has been so important to call, video chat, email, or write letters to the people we care about. It engages and lifts our spirits, protects our emotional well-being, and allows us to manage the stress of living in a global pandemic.

This year has been unprecedented with the daily struggles that Covid-19 has brought for our families. We provided extra masks and gloves for family visits, videoed an iPad for virtual visits, and provided socially distanced grief and bereavement support through Zoom and in our beautiful back yard. We also delivered care packages to families who are taking in the role of caregiver at home, ensuring individuals and their families to feel connected, supported and cared for. People are not meant to be alone, especially during the end-of-life journey.

This has been a time to reflect on our lives and our gratitude, allowing us to reconnect with those whom we may have lost touch with. A family is created from love. They are the people who are constants in our hearts. You may not see them every passing day or year, but what matters most is that they are there when you need the support to thrive and flourish.

Please make your donation today. It is a time for compassionate action in the form of giving. Your generosity, whatever the size, will allow us to continue to provide our services to the community free of charge, supporting those with a terminal illness and their families.

We are grateful for your support. Wishing you and your family a safe and wonderful holiday season.

Yours Truly,
The Heart of Hastings

How we expanded in 2021

Hiring our own PSWs and Nurses

Before the change..

Prior to September 1st, 2021, PSWs and Nurses were provided by Bayshore Home Health – who were contracted by Home and Community Care Support Services (SE LHIN) to provide clinical care.

After two years of negotiations, The Heart of Hastings Hospice successfully negotiated the contract to direct funds Hospice to hire PSWs and Nurses to provide clinical care.

.. And After

Residents are receiving consistent, high-quality care by fully trained staff providing a continuity of people providing their care. This gives residents and families the best experience possible in their end-of-life journey together.

The Benefits of Hiring PSW/Nurses ■ It gives us...

Capability of hiring workers that best suit hospice's mission

Autonomy over management of PSWs and Nurses

Ability to provide consistent and dependable support to clients and their caregivers

The Cardinal Room

The expansion and accessibility upgrades ensure the hospice can provide ongoing delivery of high quality, equitable palliative health care, including:

- 3rd hospice bed/flex room
- Additional family guest room
- Accessible patient bathrooms & showers as required for accessibility compliance
- Private space for bereavement support
- Increased equipment lending storage; capacity to support more people
- Future potential innovative ways to expand our service offerings for community members, such as short stay respite, supporting families sooner in their trajectory

The Heart of Hastings Hospice is pleased to announce they were selected to
be a recipient of an Ontario Trillium Foundation (OTF) Resilient
Communities Fund Grant in the amount of \$76,100 in 2021.

The Ontario Trillium Foundation (OTF) is an agency of the
Government of Ontario, and one of Canada's leading granting
foundations. Last year, nearly \$112M was invested into 1,384
community projects and partnerships to build healthy and
vibrant communities and strengthen the impact of Ontario's
non-profit sector. In 2020/21, OTF supported Ontario's
economic recovery by helping non-profit organizations
rebuild and recover from the impacts of COVID-19.

**The OTF Resilient Communities grant allowed
The Heart of Hastings Hospice to incorporate the
following:**

**Volunteer Recruitment Coordinator Position
secured to offer recruitment, retention and
support of volunteers.**

New Volunteer Outreach Initiatives started in 2021

Virtual Volunteer Meet-Up

This year, amidst the pandemic and with our newest volunteer coordinator at the helm, Heart of Hastings Hospice initiated a Virtual Volunteer Meet-Up which has allowed our wonderful volunteers to meet up once a month. The group was to create connection and support amongst our volunteers during a time in which interactions have been limited. During our monthly virtual meetings, we share stories, experiences, concerns, and welcome new volunteers with a fun ice breaker!

This meet-up has proven to be a gateway that connects veteran volunteers with newer volunteers, allowing for an exchange of experience and support.

Volunteer Wellness Checks

This year, HOHH looked into creative ways in to support our wonderful volunteers during these trying times. We wanted to make sure that we were doing check ins periodically with our volunteers on an individual basis – That is why we started the Volunteer Wellness Checks.

The Volunteer Coordinator personally reaches out by phone. To date, since its fruition in January 2021, the Volunteer Coordinator has performed 3 rounds of wellness checks, on an estimated 60 volunteers. That is a total of 180 wellness checks! Since January!

LETTER FROM THE EXECUTIVE DIRECTOR

Welcome 2021!

As we worked to put together the second issue of our newsletter there is a lot of excitement at what the new year holds.

My hope and goal is to keep you, the reader, up-to-date on the programs and services we offer - at no charge - to our communities. As well I hope to provide education and awareness about supports and tools to help you, or someone you know, with end-of-life care.

We continue to offer caregiver support, equipment lending and bereavement supports.

Lastly we want to highlight the many great supports we receive: from our volunteers, donors, and families.

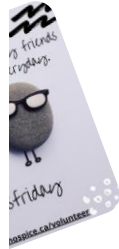

In 2020, Our Hospice became Dementia Friendly. We have teamed up with the Alzheimer's Society- Hastings Prince Edward to feature a portion of our monthly newsletter to include their important information.

HOHH Newsletter

As another way to keep our Volunteers in the loop, we began releasing a monthly newsletter. We have sent out digital copies and delivered printed copies to local businesses. In addition, we send them out by mail to our Volunteers who prefer a hard copy!

Out and About In the Community

Fundraising and Awareness

Quickly, the Heart of Hastings Hospice has had to adapt its fundraising and awareness events. Events that brought the community together in person, now need to somehow bring the community together virtually. We didn't know what that might look like, but the community showed up, and continue to support us to succeed in funding our mission!

Visiting Hospice, Virtual Groups and Book Club

Trained Hospice Volunteers provide companionship by talking, listening, or just sitting quietly. Volunteers also assist the caregiver by providing respite.

As we needed to continue to make changes to how we deliver service, caregiver support increased to include care packages and grief and bereavement support groups transitioned to an online series.

An outdoor book club ran through 2020 to help bring people together in a safe, inclusive space around books dealing with loss and resiliency.

Equipment Lending Program

Our Equipment loaning program continues to support palliative and non-palliative members of the community to remain in home. The Heart of Hastings Hospice has wheelchairs, grab bars, shower chair, and much more.

Virtual Groups Bereavement/Caregiver Series

Online Practical Caregiver Training

Oct. 19th – Nov. 30th

Each week introduces a topic related to caregiving, with equal parts education and self-care. These sessions will be delivered via Zoom. The thought behind an online model is that with Covid-19 numbers being unstable, and caregivers feeling unable to leave their loved one, Zoom felt like the right fit. Consideration was given to the fact that not all caregivers will have internet in their homes, or even necessarily devices. The hospice has electronic devices that it is able to lend, and we have connected with a variety of partners in the surrounding area that will allow caregivers to take part in the programming from a different internet location should they choose.

Grief Support Series

Starts Nov. 9th for 8 Weeks

Thanks to a grant from the United Way, The Heart of Hastings Hospice was able to transition our Grief and Bereavement Support Group to a virtual platform.

Often, we feel completely alone in our grief. In group we support you so that you know you are not alone.

The grief support group allows you to feel freedom to speak your truth in a safe environment.

Friend of Hospice Award **Susan Hallam**

Susan joined our team of volunteers in 2013. Since then, Susan has been dedicated to the Hospice Mission. During her time with us, Susan has volunteered in both Residential and Community Hospice Care. She is a valued member of our Handbags for Hospice Committee, offering assistance and support where needed.

Susan is kind, caring, and a pleasure to work with for both staff and volunteers. She brings warmth and kindness to all she does. We are so grateful to have her as part of our hospice family.

June Callwood Award

Joanne Forestell

Joanne has volunteered with The Heart of Hastings Hospice for 9 years. She is dedicated and reliable. We can always count on her to be at the house weekly. People that work with her describe her as ambitious, gentle, and kind. She is great to work with and always willing to pitch in. She will busy herself with cleaning and has saved numerous hospice plants with her passion for gardening and green thumb. Joanne travels on yearly missions to volunteer at Orphanages. She is giving of her time freely.

Joanne's family own and operate the local Timber Mart, supporting the local community as much as possible.

Along with compassionate client care, Joanne has volunteered and attended many of our hospice fundraising events. Joanne is a big part of the Heart of Hastings Hospice team.
